Internet and Web Systems 1

Week 1 Report

I accomplished the following tasks in the week 1:

1. As a part of this course along with the project, I plan to build my personal webpage to learn about building a good UI and also learn a front end framework.
2. To accomplish the above mentioned task I am doing my research on various frontend frameworks like bootstrap, semantic UI, etc.
3. Along with that I am brushing up my basic concepts of HTML, CSS and JavaScript.
4. For the project, I am doing research on various web based applications and ideas which excite me to choose it for my Project.
